

"I LOVE IT!! . . . should be a total sell-out!"
Edmond Blausten

"A beautiful book." Maureen Buck

"Captures the essence of the Bouvier." Cathy Jensen

"The Artful Bouvier is an eye-catching and entertaining tour de force – portraying the handsome and winsome Bouvier in clever watercolor reinterpretations of the works of great artists, including French impressionists. Long-time Bouvier aficionada Carol Rauch brings both Bouvs and painting to life by pairing her dashing illustrations with playful commentary.

A 'must read' for dog or art-loving adults and children. " (Jen Whitaker)
